ProTech Transparent Tape

Product Overview

ProTech Transparent Tape is a clear, pressure-sensitive adhesive tape ideal for bonding, sealing, and packaging. Its transparent design ensures discreet adhesion, suitable for home, office, and industrial use.

Technical Specifications

Roll Length	90 Yards
Roll Width	48 mm
Thickness	55 microns

Description

A high-quality, transparent adhesive tape that offers reliable bonding with minimal visibility. Easy to apply and remove without leaving residue, making it perfect for a variety of applications from packaging to crafts.

Applications

- Sealing boxes, envelopes, and wrapping materials
- Attaching labels and notes
- Arts and crafts projects
- Office repairs and sealing
- Temporary fixes in construction/industry

Key Benefits

- Invisible, neat bond
- Easy to peel and apply
- Versatile on multiple surfaces
- Strong yet removable
- Cost-effective, everyday use

Sustainability

Durable adhesive reduces reapplication waste. Recycling used rolls supports environmental efforts. Eco-friendly variants further minimize ecological impact.
